

Life. Be in it

At Life. Be in it we are always looking at new ways to encourage healthy living through increasing exercise and encouraging healthy eating.

Mini -Sports has been designed to provide young children with an opportunity to experience sports in a fun and healthy manner.

Each 45 minute class is based on a different animal theme and includes basic skills training, balance and co-ordination, plus some time for a few fun games at the end.

The program aims to:

- * stimulate eye hand co-ordination,
- * encourage interaction with other children,
- * foster involvement with both child and parent

All our sessions are indoors at local halls so there are no cancellations due to inclement weather.

Please note that full games of the term's sport are not played, the focus is on skills rather than competition.

Parents play a key role with the program and are required to stay for the session.
